## EDUCATION

### Oklahoma State University, Stillwater, OK

Expected May 2028

Bachelor of Science, Mechanical Engineering | Minor in Mathematics

GPA 4.00/4.00

Honors: President's List; Oklahoma State University Honors

## PROFESSIONAL EXPERIENCE

### Advanced Manufacturing Engineering Intern

May 2026 - Aug 2026

Peterbilt Motors Company, Denton, TX

- Supported the Chassis Powertrain and Cab & Outer Body groups on multiple advanced manufacturing engineering projects, collaborating with engineers across different areas of the plant.
- Used Creo to create and modify 3D models while developing practical CAD experience in a production manufacturing environment.
- Developed an AI-assisted tool for locating information in engineering part drawings, reducing the task from approximately 5 minutes to 1 minute per drawing.
- Managed multiple concurrent projects and communicated progress through weekly presentations, culminating in a final presentation to engineering leadership.

### Mover / Navigator

May 2025 - Aug 2025

Little Guys Movers

- Promoted from Mover to Navigator within two weeks, demonstrating leadership, reliability, and adaptability in a fast-paced work environment.
- Planned efficient truck layouts and coordinated with team members and customers to complete moves safely, prevent damage, and stay on schedule.

### Merchandise & Stocking Associate

May 2024 - Jul 2024

Sam's Club

- Managed inventory, product placement, and restocking while assisting customers and collaborating with team members to maintain efficient, organized store operations.

### Site Organizer

Jun 2023 - Aug 2023

North Crest Construction

## ENGINEERING PROJECT EXPERIENCE

### Custom Golf Putter Design & Prototyping

Personal Project

SolidWorks | Additive Manufacturing | Rapid Prototyping

- Designed and iterated multiple custom mallet putter prototypes in SolidWorks, focusing on head geometry, mass distribution, assembly, and manufacturability.
- Developed a modular screw-on face concept and fabricated physical prototypes using additive manufacturing and molded components to enable rapid design iteration.
- Applied DFA/DFM principles while selecting fastening methods, heat-set inserts, and printable geometries for repeated assembly and testing.

## LEADERSHIP & ACTIVITIES

### Cowboy Golf Club - Founder & President

Aug 2026 - Present

- Founded and lead an Oklahoma State University student golf organization, managing club structure, membership, dues, events, and competitive-group participation.

### Cowboy Rocketworks - Member

Feb 2025 - Present

Oklahoma State University Bands - Marching Band, University Band, Super Sax Jazz Ensemble

Through May 2026

Friendship Church

May 2025 - Aug 2026

First Denton Church - Volunteer & Music

Sep 2023 - Jul 2024

## TECHNICAL SKILLS

**CAD:** SolidWorks (Certified SolidWorks Associate - CSWA), Creo Parametric

**Programming:** Python

**Manufacturing:** Design for Assembly (DFA), Design for Manufacturability (DFM), manual lathe & mill, additive manufacturing / 3D printing, rapid prototyping

**Productivity:** Microsoft Office Suite
